

**HumAngle**

# Where Media Meets Innovation

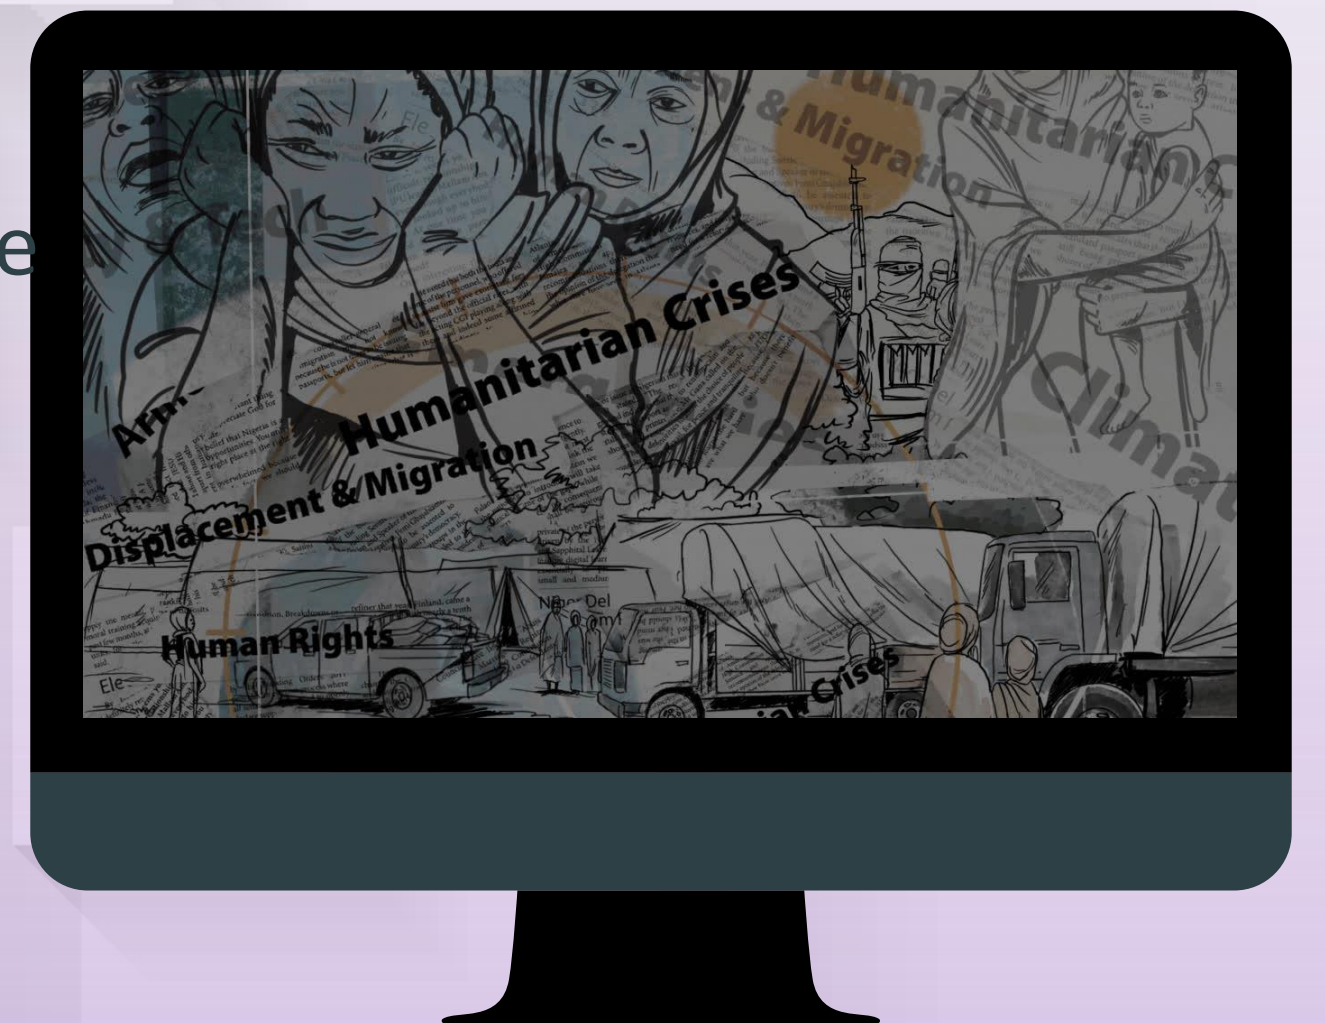

**Presented by Sabiqah Bello**

# About HumAngle

At HumAngle, we are committed to redefining the way news is researched, produced, and even consumed all across the continent.

And so while the human element is the one single thread that runs through all our work, another thread that weaves right beside it is innovation.

**After HumAngle Report, Shuwari Camp In Northeastern Nigeria Receives Food Donations**

# Our Big Idea

# **Virtual Reality x Storytelling**

**Creating empathy**

**Immersive multimedia experience**

**Transcending physical limitations**

**Advocacy and informing policy-making.**

# **Why it matters**

**Nigeria is among the ten countries with the largest number of IDPs globally.**

**There are about 3.3 million people living in internal displacement as a result of conflict and violence, about half of them in Borno state.**

**Nigeria is only ranked behind Syria with 6.5 million IDPs and Colombia with 5.7 million IDPs.**

**This is according to a report by the Internal Displaced Monitoring Centre and the Norwegian Refugee Council.**

# Virtual Reality x Mental Health

VR test-run at the office

The HumAngle VR Corner

# How you can help

- Technical support
- Financial backing
- Capacity building
- Project collaboration
- Visibility and recommendations
- Constructive feedback

# Thank you!
